

Americans50Plus believes that its membership is its strength – members who believe in the Traditional American Values of Faith, Family, and Freedom. We will not agree on all issues confronting our country and society, but we do all have to look out for each other's well-being all of the time. The annual membership fee for Americans50Plus is \$7.50 for an individual. For an additional \$2.50, a spouse can also become a member. Your membership entitles you to access a wide-range of insurance products and personal services. Use your Americans50Plus membership a few times, and the annual fee pays for itself.

During our start-up phase, we are offering other membership packages. A three-year membership is now available at \$20/individual, or \$25/couple – a savings of \$5 over three years. Or, for a limited time, you can be a Charter Member of Americans50Plus with a lifetime membership for \$100/individual or \$133/couple.
